Skills

Languages: Java, Python, C#, TypeScript/JavaScript, SQL & NoSQL, PHP, HTML/CSS

Frameworks: Spring Boot, .NET, Django, Flask, Node.js, Angular, React, Svelte, OutSystems

Cloud & DevOps: Azure (AKS), Kubernetes, Docker, CI/CD pipelines, SonarQube, Liquibase, Git

Architecture: Microservices, REST APIs, Event-driven Systems, System Design, Agile/Scrum

Professional Experience

Senior Software Engineer @Accenture | Athens, Greece

Jan 2021 – Present

- Delivering full-stack features on a **web-banking platform** serving retail clients (**Angular, C#**); designed and shipped an event-driven notification service integrating backend triggers with real-time customer alerts across web and mobile channels.
- Led the migration of a monolith loan system to Java Spring Boot microservices on Azure AKS/Kubernetes; secured stakeholder buy-in with a working prototype and protected a **\$30M revenue stream**.
- Architected **CI/CD pipelines (cloud/on-prem agents)** across all environments, reducing build-deploy time by **9 min/commit**; integrated **SonarQube** with custom PR gates, slashing technical debt by 10 years.
- Designed **Liquibase pipelines** enabling **zero-downtime DB migrations**; presented to a **50+ person audience** of client and engineering stakeholders, leading to bank-wide adoption as the standard migration approach.
- Built **shared engineering libraries** adopted team-wide - a **JDBC/REST data-access** library and a **ZK frontend template** library of reusable UI components - **reducing code duplication by 40%** and standardizing patterns across the stack.
- Directed global dev teams (onshore/offshore) across full project lifecycle - from requirements and system design to reviewing, testing and release management - achieving **100% on-time delivery** under strict SLAs.
- Identified delivery bottlenecks across a **30-person team** through 1:1 listening sessions; built a metrics-backed case and **presented directly to the CPO**, driving adoption of new QA and release processes that reduced production bugs by 30%.
- Engineered a **loan-routing algorithm** in Java, cutting monitoring **by 6 mins/request**. Built a **custom pagination mechanism** for thousands of real-time records, unblocking scalability bottlenecks and lifting UI responsiveness by 60%.
- Named to Accenture's TechStars 2025 - **top 1% of global consultants** - for engineering excellence and innovation leadership.

Air Traffic Controller Assistant @Greek Army | Athens, Greece

Oct 2019 – Jul 2020

Business Intelligence Analyst @Vodafone | Athens, Greece

Apr 2019 – Sep 2019

- Re-engineered manual ETL workflows on **SAP/SQL** automatic data streams; cut report generation time by 60% and enabled real-time leadership dashboards.

Founder & Software Engineer @FoodShare | Athens, Greece

Oct 2018 – Sep 2019

- Built a full-stack **Angular/Python** platform, with real-time chat, geolocation services and secure payments; self-managed Linux infra on [Okeanos](#). Negotiated with Food Bank of Greece and Athens International Airport; pitched at [Ennovation 2018](#).

Education

Athens University of Economics and Business | Athens, Greece

Feb 2016 – Sep 2019

BSc in Management Science and Technology - Software Engineering, 4-year degree, 240 ECTS

GPA: 8.21/10 (top 15%)

- Activities and Societies: [ACEin](#), [TEDxAueb](#), [UniChallenge](#), [Athens Startup Weekend 2017](#)
- Key Courses: Programming, Algorithms & Data Structures, IS Implementation and Architecture, Software Engineering, Internet and Cloud Application Development, DBMS, Social Network Analysis (GPA: 9.6/10 - top 1%)

Imperial College Business School | London, United Kingdom

Jun 2017 – Jul 2017

Summer School - The Entrepreneurial Smart Camp, 1-month degree, 8 ECTS

GPA: A (first-class honors)

- Activities and Societies: [Enterprise Lab](#)

Projects & Honors

- Open-source Contributions: [Jarvis](#), [The F-word](#), [Spotify/Coordinator](#), [FoodShare](#) – feature additions and bug fixes
- Certifications: [Cyber Security Stanford](#), [Python](#), [AZ-900](#), [AZ-400](#), [Google-PCD](#), [OCP Java SE 11](#)
- Publications: [DMST 2025](#), [OS Contributions](#) – keynote speaker
- Volunteering: [Web Summit 2018](#), [Panorama](#), [TEDxNKUA](#), [Jamjar](#), [Natural Disasters](#) – web developer and assistant
- Awards: [TechStars 2025](#), [Greek National Tennis Champion](#) - 1st place (Gold Medal 2015)
- Spoken Languages: [Greek](#) - native, [English](#) - C1, [French](#) - C1
